John and Larry Combs

In memory of our father Virgil A. Combs

Virgil A. Combs RM2c, our aunt and uncles who served in WWII: Dad enlisted in the Navy on 5 Nov 1941 and served aboard the PC 1082, PCS 1465 and SC 657. These ships were sub chasers and used as mine sweeps off of the east and west coast of the US and during the battle of Saipan in the west Pacific. Dad was released from active duty on 3 Oct 1945. We also had an aunt in the WAC and four uncles in the Army who saw duty in both theaters of war.
